

Mnemo Referral Agent Quick Reference.

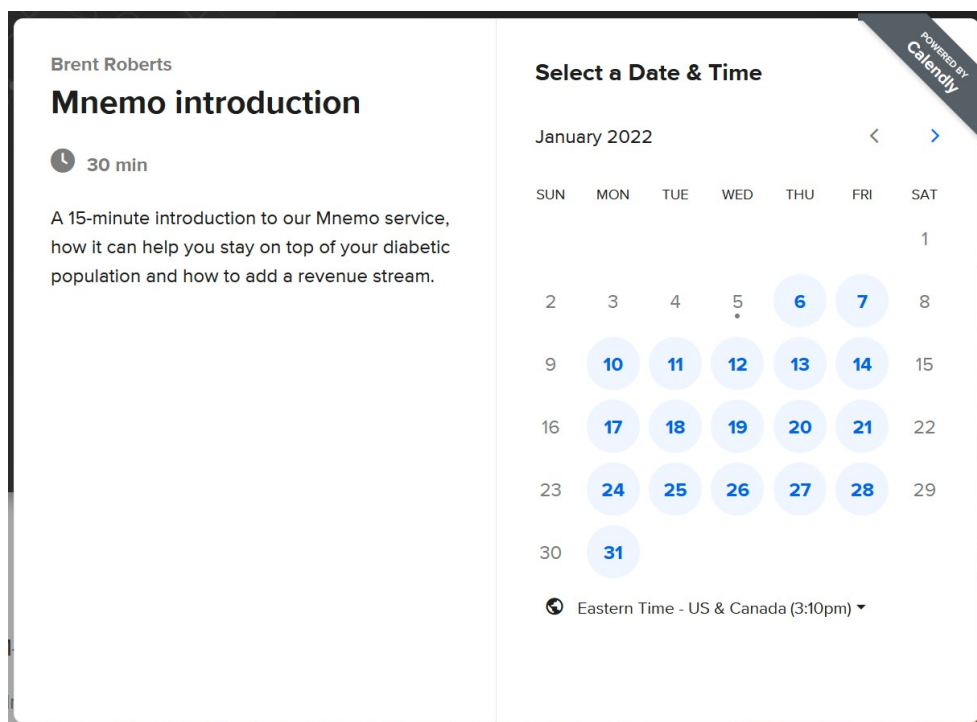

Thank you for your interest in Mnemo. This reference outlines how to become a referral agent for Mnemo. It explains how to sign up, onboard your first care provider, view the commissions you have earned and more.

The process is pretty simple. **We do not expect that referral agents close deals on our behalf. We only are looking for you to tee up meetings with a Doctor or Care Provider.**

Step 1: Schedule a Meeting with Mnemo and a Care Provider

Once you have a Doctor or Care Provider who is sufficiently interested, please schedule a meeting that works for both parties. To land a meeting on our calendar, visit us at <http://getmnemo.com> and simply click Set up a Call. You will then see the following:

Find a time that is open. (If you are unsure of how to use our calendar here, drop us a note at inquiries@getmnemo.com).

If the meeting results in a sale, we will credit you with 20% of the revenue generated by this Provide for three years.

Step 2: Register for our Agent Portal.

The agent portal is available on the web at <http://getmnemo.com/agent> Here you can view all affiliated care providers, and see a break down of what you are earning.

Welcome to the Mnemo cloud.

In order to sign up as a referral agent, we will need the email of the care provider you are introducing to Mnemo. You'll also need to provide us with your email and a password for your new account.

Your credentials will be sent over a secure connection.

Sign up using the form shown above.

That should do it. Note that we will confirm each referral affiliation.

What reimbursement is your care Provider eligible for?

If a Care Provider spends 20 minutes viewing data that was collected remotely for a Medicare patient (while the patient is not in the office), they may bill for CPT code 99091. This code pays out approximately \$55.00 per patient/month. However this amount can vary regionally. These details can be found in the CMS Physical Fee Schedule located here: <https://www.cms.gov/apps/physician-fee-schedule/license-agreement.aspx>

How do I get my commission payment?

While We can send you a check by mail any time. Simply log in to the sales rep portal and find the Request Commission Payment button, which is at the bottom of the right panel:
